Fittings for pipes

Connected with a click!

The latest innovation in tube connecting has arrived: The new fittings for pipes!

When the tubes are installed, the fitting can be applied by simply clicking it onto the tubes with one hand. This changes several pipes into one system.

The product has been developed for rigid and corrugated plastic tubes. The sleeve, the 90°-bend and the T-piece are all available in sizes M16-M32.

For more information, please refer to you Don Quichotte contact, who is always available to answer your questions.

Type	Article description	PU (pcs.)	Shipping carton (Boxes)	Article number
OZ128	Fitting for pipes Bend M16	50	1	982200

Product characteristics	
Application	For rigid and corrugated tube
Dimension	M16 - M32
Material	Polypropylen
Colour	Light gray, RAL 7035
Application temperature	-25 °C - +60 °C
Halogen free	Yes
Product shapes	Sleeve, bend, T-piece
Certified	CE & VDE
Standard	EN 50085-2-1
Protection (IP)	IP44
Protection (IK)	IK07
Hitting force resistance	2 J
Flame retardance	Doesn't spread fire
Without electrical conduct, With electrical isolation	
Re-openable / re-closable
